

# HIGH SCHOOL OF HOSPITALITY MANAGEMENT

## HSHM Message

On behalf of the HSHM family, we would like to welcome you to the 2017-18 school year! We are elated to begin this year and working with you to ensure the ongoing development of your child. This newsletter will serve as a resource to inform and engage you in your school community.

## HSHM Highlights

- Introducing our Youth Leaders, Kimberly Pita, Hawa Wague, and Kayla Konan! They will be responsible for engaging all students in the college planning process by: facilitating workshops, planning events, and supporting other students in their college journey.
- Featuring Ms. LaTonnia Garrett, the Area Manager of People and Culture responsible for multiple properties such as the Kimpton Ink48, Eventi Hotel and The Muse. Her role regards all aspects of Human Resources from talent management and selection. Ms. Garrett is also an active member of the HSHM Advisory Board. She participates in the Job Readiness program series for the HSHM Sophomores.
- Athletic programs, (Public School Athletic League, PSAL) are offered through campus sports. Sports offered include: Basketball, Volleyball, Tennis, Soccer, Running Club and many more. For more information about school athletics have your child contact their physical education teacher.
- HSHM partners with the Navy Junior Reserve Training Corps (NJROTC). The program will instill in members the values of citizenship, service, personal responsibility and a sense of accomplishment.

## HSHM Policies and Regulations

### HSHM's Policy on Cell Phones and Electronic Communication Devices 2017-18

HSHM believes in creating a safe educational environment for all its students. Research shows that the mere presence of cell phones in the classroom can be detrimental to student performance. In an effort to support our students, we will be using a system called YONDR to control cell phone usage during the school day. YONDR will help us achieve a "Distraction Free Zone" defined as: increased student focus, collaboration, and academic performance.

Youth Leaders Kimberly, Hawa and Kayla

Advisory Board Member,  
Ms. LaTonnia Garrett.

## College Planning Starts Now!

No matter what grade, college becomes an important aspect of your child's academic career. Below is a guide of what you should be looking out for as school progresses:

### Ninth Grade:

- The initial weeks of high school can be an overwhelming adjustment both socially and academically. Parents/ Guardians, it is important to keep open dialogue about how classes are going. If you see your child struggling, now is the time to access your resources. You may also want to speak about placing your child in more advanced classes in the future if the work seems too easy.
- As classes progress, encourage school involvement in extracurricular activities (athletics and clubs) and volunteering (service learning opportunities) in and out of school. Allow your child to feel out what they are comfortable with and how much time they can dedicate without impacting their schoolwork negatively.

### Tenth Grade:

- Encourage preliminary testing! Start prepping your child for the PSAT's. The PSAT is an exam that helps prepare students to take the SAT or ACT. A great score on the PSAT can also open the door to National Merit scholarship awards.
- Continue to encourage your child's involvement on campus. Motivate your child to continue or foster relationships with clubs in the school, as well as seek leadership roles within clubs.

### Eleventh Grade:

- Make sure your child is prepared to take the SAT's. This is an entrance exam used by most colleges and universities to make admissions decisions. Your child's SAT score is a pivotal component of their college applications!
- Be aware of your child's academic performance.
- Go to college fairs. Accompany your child in visiting colleges, and gathering information about the colleges attended. Encourage your child to gain familiarity with the college resources available at the school.

### Twelfth Grade:

- This year is about solidifying! Go over your child's options for college and start application processes.
- Move your child in the "write" direction! Have your child begin looking at application essay topics and have them start brainstorming and compiling their ideas.
- If college applications require recommendations, now is the time to have your child ask the teachers and staff.
- Gather required documents and have your child take their SAT's. If they have already done so, have them submit grades through the College Board. Make sure your child attends Financial Aid Night and begin filling out the FAFSA application.
